

L-601 EXCELUBE MARINE FUEL CONDITIONER

Revised 10-1-09

DESCRIPTION

L-601 Excelube Marine Fuel Conditioner is a scientifically formulated product developed through years of extended research and close studies of many other time-proven additives and conditioners.

L-601 Excelube Marine Fuel Conditioner is an exclusive combination of all the positive and time-proven ingredients used in some of the best products on the market today. A superior quality emulsifier is also incorporated to emulsify condensation and moisture into a “tight” emulsion, thereby converting it into a combustible form to eliminate filter clogging and costly downtime. The combination of these time-proven ingredients, other field- tested enhancers and ongoing upgrades make L-601 Excelube Marine the most effective and versatile product of its kind on the market today.

PERFORMANCE CHARACTERISTICS

L-601 Excelube Marine Fuel Conditioner increases cetane, octane and prolongs engine life through the following features:

Inhibits harmful acids
Dissipates heat
Stabilizes fuels
Conditions fuel lines

Controls gum & varnish
Inhibits bacteria growth
Prevents gelling
Emulsifies moisture

Eliminates harmful deposits
Eliminates rust & oxidation
Cleans plugs & injectors
Lubricates upper cylinders

RECOMMENDATIONS

Fuel Treatment: Add one gal. L-601 Excelube Marine to each 1000 gals. of gasoline or diesel fuel.
Add 1/2 oz. L-601 Excelube Marine to each 4 gals. of gasoline or diesel fuel.

<u>SPECIFICATIONS</u>	
Viscosity @ 210°F, SUS	34
Viscosity @ 100°F, SUS	55
Specific Gravity	.874
Flash Point, °F	82
Rust Inhibited	Yes
Anti-Wear Treated	Yes
