

L-603 AERO FLOW NON-DETERGENT MOTOR OIL

Revised 10-1-09

DESCRIPTION

L-603 Aero Flow Non-Detergent Motor Oil is a superior quality motor oil formulated especially for engines and other equipment which require a non-detergent motor oil.

L-603 Aero Flow Non-Detergent Motor Oil is precision formulated with hydrotreated, 100% paraffin base oils and fortified with the most advanced additive packages on the market today.

COMPOSITION

L-603 Aero Flow Non-Detergent Motor Oil is fortified with the following additives to provide the most positive lubrication available for today's high demand equipment:

Rust & Oxidation Inhibitors	Anti-Wear Additives	Anti-Foam Additives
Pour Point Depressants	Anti-Sludging Additives	Viscosity Index Improvers

L-603 Aero Flow Non-Detergent Motor Oil is available in the following SAE grades: 20, 30, 40.

APPLICATIONS

L-603 Aero Flow Non-Detergent Motor Oil is formulated for use in only vehicles and equipment, which require a non-detergent motor oil.

<u>SPECIFICATIONS</u>			
SAE Grade	20	30	40
Viscosity @ 100°C, cSt	9.2	11.5	14.8
Viscosity @ 40°C, cSt	67.8	94.4	140.3
Viscosity Index. Min.	100	100	100
Flash Point, °F	410	420	430
Pour Point, °F	-33	-17	-6
Color	Red	Red	Red
